

Year 3
Home Learning 2

Here are some topics which you can work from at home. All work can be recorded in a way you choose.

English	Maths	Physical	Science	Creative
Look at the World Book Day website and choose some extracts to read which interest you.	On walks, drives or at home, spot and name any 3D shapes that you see (e.g. Tyre = cylinder, house = cuboid). Draw or photograph them, then label them with any properties that you know.	How many star jumps can you do in 1 minute?	Watch an episode of One Planet and create a fact file on a chosen animal.	Create a map of your bedroom from an aerial view (from above).
Using persuasive language, create a holiday leaflet to your very own hotel in Hereford. What fun things are there to do? Why should people visit Hereford?	Learn and prepare to demonstrate your 3 times tables.	Perform a sequence of balances to a piece of British music.	Make your own lava lamp. Use YouTube for the information you need to help you.	Draw a picture of an inspirational British person throughout history.
Create your own superhero and write an adventure story which has the theme of saving the earth. Remember to use the correct punctuation for speech and have a clear opening, build-up, problem, resolution and ending.	Practice your halves and doubles on Hit the Button	At home find some tins from the cupboard and design a 10 minute work out to strengthen your muscles.	Make your own sundial. Set it up outside and evaluate how well it works. You could use this website to help you https://www.raisingarizonakids.com/2015/06/how-to-make-sundial-clock/	Make a poster for school to encourage people to pick up their rubbish and tidy-up after themselves.
Write a letter to your favourite celebrity or author.	Create your own word problems based on the 3 times tables for a friend to answer.	Count how many steps you take from your front door to your bedroom. How many steps do you take from your bedroom to the kitchen? Is it the same amount of steps as an adult? How can you find out?	Choose two different animals and compare the similarities and differences of their diet.	Learn a song.
Find a picture book and read it aloud. Use lots of expression and try different voices for the characters. Present it to your family.	Practice your Four Rules Addition Subtraction Multiplication Division	England is famous for Wimbledon. Write a set of rules for a simple game of tennis.	Find about different habits around the world and which animals can be found there.	Design a football kit for the school.
