

Year 5
Home Learning 1

Here are some topics which you can work from at home. All work can be recorded in a way you choose.

English	Maths	Physical	Science	Creative
Write a diary entry of someone who is travelling through a rainforest / down the Amazon River.	Practise your multiplication on TT Rock Stars. Make a table of your results to see how you improve.	Set yourself a daily challenge of an activity you wish to get better at. Write a diary for a week of how you are improving.	Create a fact file which outlines the seven life processes.	Create a board game with a rainforest theme.
Write a persuasive letter to the Brazilian government about your view on deforestation.	Roll a die to create numbers to practise long multiplication and short division.	Create a team game that your class could play.	Research and write up the life cycle of a rainforest animal of your choice.	Use a range of different materials to create a rainforest scene.
Create a fact file on the different plants which are found in the different layers in the rainforest.	Design your dream house using your knowledge of area and perimeter.	Write a review of a sporting event you have seen (this could be an event on the television).	Create a homemade lava lamp and write up what you notice.	Draw a rainforest animal which lives in each layer.
Write a kenning on a rainforest animal (for us to guess!)	Create a maths quiz that covers the topics we have learnt this term (Fractions/Decimals /Percentages, Measurement, Number, Geometry, Multiplication)	Research a sporting personality and write a short biography including their achievements.	Design your own recipe for jungle soup and make it.	Create a mask of your favourite rainforest animal.
